# Alma Mater

Preston High, Our Alma Mater,  
How our hearts do swell,  
When thy name is breathed or spoken.  
O' we love thee well.

Admiration fills the students At the colors sight  
Blue and White the chosen symbols Of our Preston High.  
Many sacred memories linger Round the old stone wall.  
Lo, in dreams live voices echo Through the time worn halls.  
When the years have bowed our figures And our hair is white,  
Memory's hand will guide our footsteps Back to Preston High.  
Raise the emblems of our power,  
Hail the Blue and White.  
Sound a cheer the world can hear,  
Our spirit is our might!

## Who are WE?

Dr. Orson Bowler, who served as superintendent for Preston School District #201 from 1969 to 1995, passed away in January of 2010. Dr. Bowler served our district for 26 years; he had been superintendent of Teton School District for two years previously. One of his legacies in the Preston School District was the establishment of the Million Dollar Fund. His goal was to raise one million dollars and then use the interest from that fund to help maintain programs and facilities in the district. The fund is still active, and employees continue to contribute to the endowment. He returned in 2005 to teach math at Preston High School. We are grateful for his service to our schools and children. He will be remembered fondly.

# COMPETITIONS

There was more to homecoming week than just the big game. The spirit of competition was in the air all week as classes battled it out to see who'd come out on top and who'd display the most pride for Preston High. Some saw victory while others were faced with disappointment, but no one gave up even though some events brought better results than others. We honor all the winners from Homecoming 2009!

Fight, Indians, fight!

An Indian's true character is not defined by a win or a loss but by how he played the game. Though the Indians lost their homecoming game, they never gave up the fight. The final score was 33-28. They never lost their spirit or their Indian pride. Preston is lucky to have such proud, fierce warriors!

# Exploring the World of Dating in Preston, Idaho

Say cheese! Elise Wilkes and Jaqson Belnap smile for the camera.

Jakob Froerer simply cannot wait to turn 16 so he can finally ask that cute girl on a date.

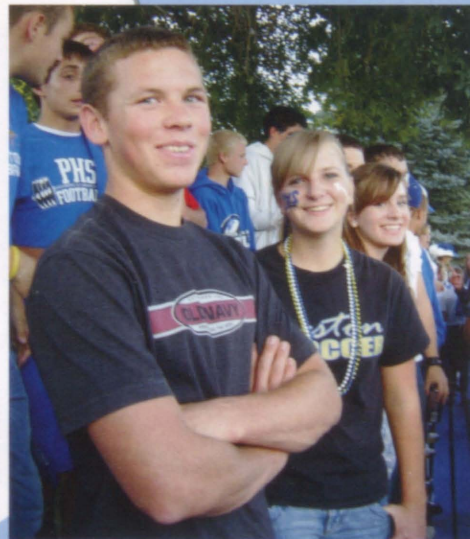

Is Chase Childers really that funny, or is Stephanie Sharp just trying not to bruise his ego?

Sometimes it's better to just admit we don't know what's going on. Tyson Alder and Kylee Roberts show us how to do exactly that.

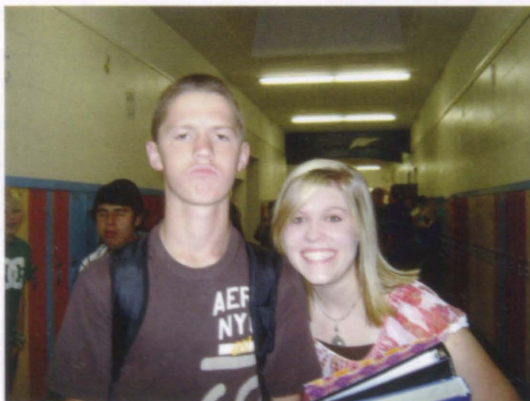

Some students will do almost anything to win free tickets to the school dance.

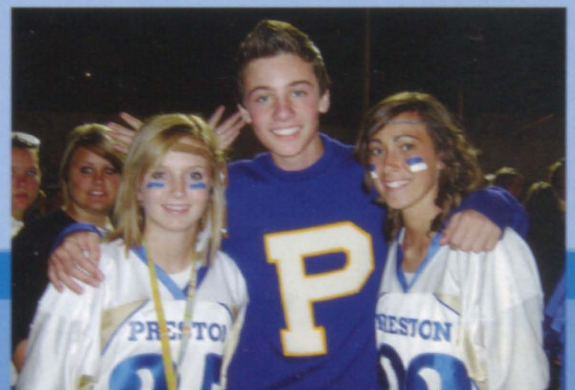

"Should we just smile?"  
Mario Crosland and Rebekah Christensen at the game.

“once a crush, always a crush.”

Cory Swainston and Jordan Gleed “keepin’ it real” in the hallway before their next class

This is just one of the many pictures taken for a photo scavenger hunt by Challis Hobbs, Heidi Hunsaker, Khyleigh Brown, Sawyer Hemsley, Ashlee Higley, and Jordan Schiffman.

Jeff Fonesbeck has found two women to love, and the best part is they won't talk back.

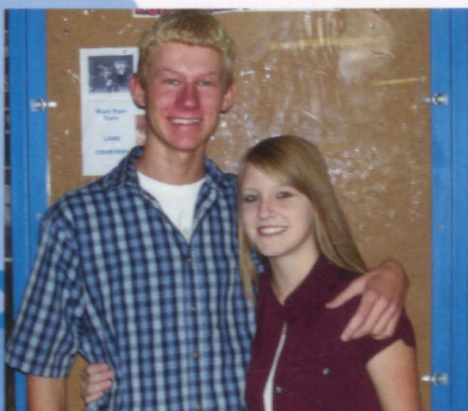

Something must have surprised Taylee King and her date, Paul Farrell, because there's no way they'd look like that on purpose, right?

# What's HOT

McKenna Jepsen, Jessica Larsen, and Sydney Oliverson looking cute with their bright colored Ts

Making a fashion statement isn't just what we wear, but it's what we say, what we do, and who we are. Trends are a huge part of P.H.S. Whether it's the cowboys with their boots and buckles, or the skaters with their neon skinny jeans and long hair, everyone likes to make their own fashion statement. Preston has a variety of trends, and some of the most popular among students are bangs parted on the side, big tears and holes in jeans, lots of different layers, and very bright colors. Some say that our fashions today come from the past, well, guess what...the 80's are coming back and they're coming back fast, baby!

For example, Mr. Knapp likes to spend his time out of school coaching and going to Denver Bronco football games, Mr. Christensen teaches at Bridgerland, and Mr. Womack enjoys gardening at his home in Franklin. As you can see, our teachers are regular people just like us, and some of the time they're more hip and funny than we could imagine...*

The variety of cars at Preston High School range from Mom and Dad's minivan to that hot black corvette. We have all heard the phrase "You are what you drive." For some people, this is true: the car they drive defines who they are. For others, it's just a way to get from here to there. # What Brings US

# Together

It's game time! Hilary Heiner and Ashley Bjorklund play the crowd while Kristi "The Destroyer" Swainston gets ready to play the Powder Puff Game.

Preston is a strong-knit community that has been around for over a hundred years. Throughout the last century, many famous events, life-long traditions, and some of America's finest citizens have emerged from Preston.

Preston is probably most famous for its grand debut in the 2003 movie *Napoleon Dynamite*, written and directed by PHS alumnus Jared Hess. Preston also sponsors the nation's first nighttime rodeo, hence its name: That Famous Preston Night Rodeo. Its cowboys, carnival, and side walk sales are crammed into three fun-filled days during the last week of July.

It is followed by our growing county fair in August. Then the community gears up again during the weekend after Thanksgiving for the Idaho

Festival of Lights and International Bed Race Championships.

All of these traditions, old and new, run deep in the souls of Preston's citizens; however, it is people that have shaped our town into a community of distinction. The Oneida Stake Academy was the alma mater of Ezra Taft Benson and Harold B. Lee, who served as presidents of The Church of Jesus Christ of Latter-Day Saints. Benson also served as the United States Secretary of Agriculture under President Eisenhower following World War II.

In the 1930's, the FBI's first agent inducted into its hall of fame, Samuel Cowley, graduated from Preston High. He was honored by J. Edgar Hoover and other leaders. Another alumnus, E. G. Petersen, became a much-loved president of Utah State

University. PHS alumni have a habit of making a positive impact on our world. Although Preston has been around for over a century, it has not lost any of its rich traditions. Our town continues to be a hot spot of activity and events, and will continue to produce outstanding citizens. Some seniors are ready to leave their hometown, but they will always remember growing up in one of the greatest places to live in the world.

Preston High School students have fun in school as well as out of school. Most time spent out of school is on Saturdays and Sundays which, in America, is known as a weekend. Weekends are a big part of every student's life because they get to rest from school. Some don't rest as much as others because of work or play. This page is dedicated to those students who use the weekend for its designated use.

These are the kids who have fun on the weekends, who work to get a

little spending money, who sometimes do nothing, and then there are some who we would rather not know what they do with their spare time. All students find something to do, whether it be dancing, singing, partying, scootering, or something else. Weekends are where the fun begins.

-Kylee Fellows

"Ridiculous. He has been in for less than a year, and he didn't create peace."

-Will Moedl

The 2009-2010 school year has been full of new and exciting things at Preston High. We finished our new gym and got a new principle, Mr. Jeff Lords. In the U.S. we got a new President, Barak Obama, and we entered a major economic crisis. The price of fuel jumped from \$2 to \$5 a gallon, then back down, and then up again. Inflation threatened to ruin our economy, and the government tried a series of financial bailouts to save us. Motor and other companies went bankrupt, and millions of people lost their jobs. We saw a 7.0 Earthquake in Haiti, which was the biggest one in that area in the last 200 years, and it killed over 223,000 people. An 8.8 earthquake hit Chile, but it was not as devastating as the one in Haiti. The Earthquake in Chile was big enough that it shifted the earth's axis, making our days 1.26 microseconds shorter; about 800 people were killed. The New Orleans Saints, for the first time in National Football League history, went to the Super Bowl and won. They defeated the Indianapolis Colts. The XXI Winter Olympic Games were held in Vancouver, British Columbia, Canada. The United States won the medal count with 37 medals: 9 gold, 15 silver, and 13 bronze. Germany came in second place with 30 medals, and Canada came in third place with 26 medals. At Sea World in Orlando, Florida, one of the killer whale trainers was killed right after a show by one of the whales. Toyota recalled the Camry, Corolla, and the hybrid car Prius when their accelerators malfunctioned. Walt Disney made a new movie called *The Princess and the Frog*, adding a new princess to its family: Princess Tiana. Also, several famous people died this year: Michael Jackson, Patrick Swayze, Brittany Murphy, and Billy Mays. Even through the hard times, we all had good times as well.

 We'll shout with all our might!  
 United we will stand and cheer  
 Our Preston Blue and White!
